To Whom It May Concern:

I am writing to apply for the 5G Baseband Systems Developer position advertised in the Ericsson Careers website.

The role appears to be a good fit for me, and I believe that my strong technical experience and education make me a competitive candidate for this position. My key strengths that would support my success in this position include:

- Strong background in digital communication systems with a focus on forward error-correction codes used in the 5G Physical Layer.
- Experience in applying ML algorithms to aid channel decoding algorithms.
- Good programming and problem solving skills.
- Highly self motivated and can work under high pressure.

Please see my resume for additional information on my experience.

I can be reached anytime via email at nghia.doan@mail.mcgill.ca or by cell phone, (+1) 514-776-5591.

Thank you for your time and consideration. I look forward to speaking with you about this employment opportunity.

Sincerely,

Nghia Doan
